Dallas police are looking for a man who used fake identification to buy a luxury car last month.

The man first went to Palomino Motors in the 7000 block of John W. Carpenter Freeway in late January, police said. He tried to use a driver's license with his photo and someone else's information in an attempt to buy a vehicle.

On Feb. 20, he showed up at Audi Dallas in the 5000 block of Lemmon Avenue. Again using a fake ID, he bought a 2013 Porsche 911.

Anyone with information about the case is asked to call Detective Monreal at 214-671-3511.
